Vote explanations et comments: WC is a good opportunity to develop micro class in Italy. Since 10 years, Micro Italy is relanched, they can now organize a WC, and WC will help to make micro in Italy bigger.

Decision

ITALY will organize the 2022 WC

The IMCCA board asks Russia if they want to organize in 2023. If Russia said yes, 2023 will be in Russia.

Italy may need some help, especially lessons learned and experience from previous organizers.

IMCCA Board confirms the financial help for participants from continent outside Europe

2021 World Championship

France confirms that they still want to organize it. But there is a risk to be cancelled due to the sanitary crisis.

Registration will be open soon. Payment fee will be adapted, if the regatta is cancel, it will be at no cost for the competitors.

EuroMicro Calendar

Due to Covid change of schedule, Slovakia and Germany will be at the same date. Common communication will be organized, with a video exchange between competitor.

Poland said they don't know if they can travel with de difficult sanitary situation.

Measurement

Rule Amendment

The proposed amendment is validated. Manfred communicated with Jean Louis Hayes to inform World Sailing.

New CEO

FRA proposed Hervé Chastel to take the role. Hervé is a national measurer, and well involved with the sailing federation. Hervé will come to Martigues to become a micro class measurer. And if everything goes well, he will be appointed as CEO.
